

Says 8 Hours None Too Long For Work Day

Congressman Blanton Shames El Pasoans Asking For Shorter Day.

Congressman Thomas L. Blanton believes that everybody ought to be willing to pitch in these days and work every hour necessary to help win the war; that there should be no bickering at this time about hours of service, particularly where the hours are already quite reasonable, in his opinion.

In a telegram to The Herald from Washington today he says: "Have just received 221 words telegram from El Paso Federal Employees Union No. 12, protesting against forced amendment, asking me to use my best efforts to defeat it. The forced amendment merely requires government employees to work eight hours per day. Why shouldn't the 140,000 government employees work eight hours?"

"One plank in the American Federation of Labor platform is an eight-hour day."

"This plank ought to be ashamed of itself to protest against anybody having to work eight hours daily when we are in a war crisis. Thousands of government employees here now work only seven hours per day. Does El Paso approve of it?"

Jury To Hear Girl Teacher's Code Of Morals

Letters Will Feature Trial Of Miss Lusk, Charged With Killing Woman.

Waukegan, Wis., May 12.—A battle of psychology and alliteration centered about a moral code devised by a country school teacher was forecast today at the trial of Miss Grace Lusk, charged with slaying Mrs. Mary Newman Roberts, wife of Dr. David Roberts.

The moral code compiled from letters Miss Lusk wrote to Mrs. Roberts, and which were admitted by her at the time of the inquest, will be submitted to a jury composed mostly of farmers. It was indicated from the make up of the first venire of 12 men, in these letters, Miss Lusk, who at the time of the tragedy, was a school teacher, wrote:

"The essence of a husband's affection for his wife is a sufficient annulment of any marriage vow."

"Those who truly love must be brave enough to stand together when fire and cold, world, which is bitter against anything it cannot understand."

"Finding a real love is the only sin—that is why I feel I have sinned."

The trial marks the last chapter in a tragic triangle after a 10-year friendship between Miss Lusk and Dr. Roberts, the school teacher pleaded with Mrs. Roberts to give up her husband and Mrs. Roberts refused. The shooting, which occurred almost a year ago, followed.

Reveals Opium Smuggling At El Paso Port

Story Of Man On Coast Leads To Prosecution Of Scamling Brothers.

San Francisco, Cal., May 12.—Opium and cocaine smuggling through the port of El Paso was revealed here in a confession by T. D. Davis, a merchant, according to Col. John S. Irby, surgeon of the port, and William H. Widwell, special agent of the treasury department. Davis was arrested when federal officials made raids that brought in more than \$10,000 worth of contraband drugs. Among the warrants issued for arrest were those for Nathan, Abraham and Jacob Scamling, of San Francisco, and Joseph Kibbe of Honolulu, H. I. The Scamlings until recently were said to have been at El Paso and San Antonio, Tex.

Davis is said to have confessed that he had received in the past two years about \$100,000 worth of opium and cocaine from the Scamling brothers in El Paso and San Antonio.

Seven cans of opium have been seized at the international bridge here together with an automobile in which the opium was found, treasury department agents said. The drug thought to have been shipped from Mexico City by an organized gang of smugglers. It is believed there is connection between the reported setting of a trunk containing 146 cans of opium in San Antonio in September and attempts to smuggle here.
